Technical Team Head - MCS, University of Gujrat

In the latter months of 2023, I assumed the role of Technical Team Head at MCS, where I led a dynamic team responsible for both technical and creative aspects of the society's initiatives. Spearheading teams such as the Graphics Team and Technical Team, I oversaw the execution of various projects and events, ensuring their successful implementation and delivery. Additionally, I took on the role of Social Media Manager, leveraging digital platforms to

enhance the society's online presence and engagement. Through strategic content creation, community management, and analytics-driven insights, I effectively communicated the society's activities and fostered meaningful interactions with our audience, contributing to heightened visibility and impact within the university community.

Graphics Designer - MCS, University of Gujrat

As a Graphics Designer at MCS, I played a pivotal role in shaping the visual identity of the computing society. Collaborating closely with the team, I conceptualized and created engaging graphics and designs for various events, promotions, and initiatives. My responsibilities included designing posters, banners, social media graphics, and other promotional materials to effectively communicate the society's message and objectives. Through my creative vision and attention to detail, I contributed to enhancing the overall brand presence and fostering a strong community within the university.
